Accessing a Departmental Account (for account owners only)

**NOTE:** Following migration to bConnected on June 2, 2014 at 9:00 a.m., departmental email accounts can initially be accessed only by the account’s owners or managers. After logging into the new bConnected departmental email account, the owner shall generate a login key which can then be shared with other members of the departmental account as an access key.

1.) If you are logged onto your personal bConnected, sign off by clicking on your account name in the upper right hand corner of your bConnected page.

2.) From the resulting menu, click **Sign out**.
3.) Navigate to: https://idc.berkeley.edu/mmk/

4.) Click the Login via Calnet button then enter your CalnetID and password at the prompt

5.) Click on the bApps (Google) button
Welcome

Welcome to the Application-specific Key Management app. The login keys you generate with this application can be used from mobile devices and desktop clients. The login key is **not** a replacement for your CalNet Passphrase, which you will continue to use when doing web-based authentication.

Choose Service

- AirBears2
- bApps (Google)

6.) Select the account which corresponds to the username of the departmental email address.

Choose bApps (Google) Account

Choose Account

- rsqr2-bmail
- raintest1
- yourdepartaccount
- bsfo2
- rorai2510

7.) Click the **Set Key** button to continue.
8.) Click the tab labeled **Define your own**.

9.) Enter the password you would like to use to access this account, repeating it once in the **Key Confirmation** box.

**Note:** The password cannot be the same as your CalnetID and it must meet CalnetID password complexity requirements.
10.) Click the Set Key button and a confirmation page will notify you that the password was set.

**Note:** This Key only needs to be created once per account.

11.) Click on this link: [http://bconnected.berkeley.edu](http://bconnected.berkeley.edu)

12.) In the username prompt, type in the departmental account you wish to access. In the password prompt, type in the Key which you created in Step 9.
13.) You should now be greeted with a Welcome to Gmail screen. Click the I accept. Continue to my account button.
Your bConnected departmental account is now enabled. You (account owner) may now share access with others. For the complete guide on giving access to your departmental account, click on this link (link to second document).

Moving forward, you can log in through: [http://bconnected.berkeley.edu](http://bconnected.berkeley.edu). Scroll down to the middle section of the page and click on the Departmental bMail Account button *(marked with the yellow arrow)*.
bConnected
Collaboration and Communication Tools at UC Berkeley

Log into email, calendar, and storage

Welcome to bConnected! We provide a set of online communication and collaboration applications including Mail, Calendar, Chat, Contacts, and Drive. As part of Google Apps for Education, these apps help facilitate teaching, learning, research, and administrative functions across campus. Log in once, then open different tools using the grid at the top right of the bConnected screen. Read more.

Departmental Account Login

Departmental accounts are for University business or the activities of a department or unit rather than a specific person. These accounts have all the same tools as an individual bConnected account, such as Gmail and Drive. **New Login Procedure**: You must be completely logged out and open a different browser to log in using the full departmental account email address (including @berkeley.edu), plus the key (as the password). Read more.
